

Watery chaos

NSF 12/11/06

Several areas in Klang and Shah Alam were flooded yesterday after a heavy downpour in the afternoon near the Sungai Rasah toll. The areas were flooded when water from nearby

drains overflowed at 3.30pm. Areas which were affected included Taman Seri Muda, Taman Rimba Jaya, Taman Eng Ang, Taman Chi Liung and Bayu Perdana. The flood also

caused massive jams on both sides of the Klang-Shah Alam stretch of the Federal Highway (picture). Only one lane on the highway was accessible.
