

# Fuel in flooded stations not affected

87A271

**RAUB:** Domestic Trade and Consumer Affairs Minister Datuk Mohd Shafie Apdal advised the public not to hesitate filling up fuel at petrol stations affected by the floods. Even if the stations were flooded, the petrol and diesel would not be affected because they were kept in waterproof underground tanks, he said. During the recent floods, 49 petrol stations were hit – 30 of them were in Johor. Nearly all of them have resumed operations.
