

New village for flood victims

KINABATANGAN: A new settlement will be built in Kampung Batu Puteh, near here, for villagers from Kampung Menggaris whose homes were affected by floods.

Sukau assemblyman Datuk Saddi Abdul Rahman said 99 houses would be built in the settlement.

He said the government had approved the project and clearing work was being carried out.

He was speaking after presenting food aid to five families from Kampung Menggaris who sought shelter at relatives' homes in Kampung Batu Puteh following a landslide last Monday near their houses. **Bernama**
