

Sabah DOs ordered to be on standby

KOTA KINABALU: All district officers in Sabah have been ordered to be prepared for floods in the state.

Sabah Chief Minister Datuk Seri Musa Aman said their main focus should be on helping flood victims and evacuating them to relief centres when required.

"I have asked our state secretary Tan Sri Sukarti Wakiman, who is chairman of the state disaster relief committee, to monitor the preparations in all the districts," he said after presenting National Dual Training System (NDTS) and 1Azam certificates in Sandakan yesterday.
